Trustees

We started cable runs for camera locations for security cameras. When they are in place, patrons, employees, and buildings security will be increased. Smoking issue will be resolved when the exhaust is fixed to blow outside. A special thanks to Ron Donohoe for donating a picnic table, and Don Reisman for fixing loose metal sheet on canteen walk-in box and helping with security camera work.

Gary

Ladies Auxiliary

The past couple of months have been very busy for the ladies and the next few will continue to be so. Over the holidays we adopted a family and provided not only holiday food baskets but gifts for all of them as well and will continue to follow their needs as they bring home a brand new premature baby. In addition we are currently assisting a disabled vet and his family through a difficult time. There is a donation jar on the bar for anyone who wants to contribute to insure that this family does not go hungry.

We should finally see our new shed erected. Under the direction of Don Orsen, we hope to have a shed raising February 25th (rain date the following weekend). The Commander has a group of volunteers ready and willing to help Don Orsen get this project done—a BIG thank you to all of them. We promise to provide lunch for you that day.

We continue to do Sunday brunch twice a month and now that the holidays are over will resume our last Friday of the month dinners. Many thanks to all of our dedicated volunteers who make all of this possible! The next Auxiliary meeting will be Tuesday, February 14th at 6PM.

Happy Valentine's Day. Dottie

Canteen Manager

We will be having karaoke by Billy Drysdale on Thursday's starting on 9 February. If you like to sing, please come out and show us your stuff. If we get enough participation, we will continue having this entertainment. We will also be welcoming a new band to our post on 11 February. The band is called Target. They will also be playing from 1-5 on the 18th during the Sons Oyster Roast. Don't forget the Super Bowl party 5 February. Tammy
